CHOICE GLADIOLUS

The flower beautiful, lasting a week or more when cut. All bulbs are choice blooming stock and priced for single bulb. One dozen at ten times the single price. One-half dozen of a kind at dozen price. Cash with order. Goods all prepaid. For larger quantities write for prices.

To have a succession of bloom, plant in good ground four to five inches deep and from six to twelve inches apart, according to width of row, as soon as the soil is in condition up to the middle of June and cultivate thoroughly. Use no fresh manure.

Prices do not always indicate size and largeness of bloom only a scarcity. There are many low-priced varieties that are hard to beat.

All bulbs labeled and packed free from frost. No order received for less than \$1 and stamps in 1c and 2c denominations taken only to the amount of \$1.

Red Hussar, show, deep crimson25
Rheinkonig, cactus, large, white25
Springfield, cactus, a deep rose25

These prices are for good divisions prepaid. If wanted by the dozen, write for prices.

PEONIES

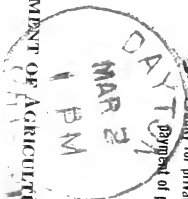

A small list of reasonable priced peonies, some of which are as good as the high priced varieties. Peonies should be planted in the fall while the roots are dormant (say September) in good soil and covered not more than two inches above the eyes. Do not let manure come in contact with the roots as they will become diseased.

No order accepted for less than three dollars if they are to be packed for shipment.

	Each
Alba Sulphurea, sulphur white, midseason	\$.50
